PLAN YOUR STORY

Take a rough story idea you have, maybe written on an index card, and translate it into drawings below. This is similar to storyboarding, where you plan out frames for the film.

Title of Film:

Act 1: What is the setting?

Act 1: Who are the characters?

Act 2: What is the crisis?

Act 2: How does it get worse?

Act 3: What is the climax?

Act 3: What is the resolution?
